LINWorks PC Software License conditions

The LINWorks PC software is free of charge and can be installed on any number of PC's and be used by any number of users, as long it is used together with a Lipowsky device or to prepare a SDF file to use this on a Lipowsky device.
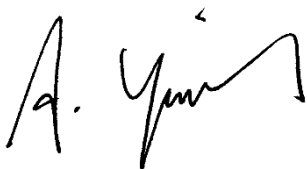

Die LINWorks PC Software ist kostenlos und kann auf beliebig vielen PC´s installiert werden und die Anzahl der Nutzer ist nicht begrenzt. Beides gilt solange die Software zusammen mit einem Lipowsky Produkt genutzt wird oder um ein SDF file für ein Lipowsky Produkt zu erstellen.

Third party libraries

LINWorks uses the Qt Application framework (Qt library) available under the GNU Lesser General Public License Version 3 ("LGPL"). The license can be obtained from https://www.gnu.org/licenses/. The Qt library itself has not been modified except for the required changes of the build configuration. The source code of the Qt library can be obtained from https://www.qt.io/download-open-source.

LINWorks is based in part on the work of the Qwt project (http://qwt.sf.net). The Qt Widgets for Technical Applications (Qwt library) is available under the Qwt License, Version 1.0. The Qwt library has not been modified except for the required changes of the build configuration. The license can be obtained from http://qwt.sourceforge.net/qwtlicense.html.
